[SPARC - K3IR QTH MAPS](#)

Field day is a 24 hour contest sponsored by the American Radio Relay League to test amateur radio's readiness to respond the emergency situations. Operators attempt to make as many contacts nation and world wide as possible under less than ideal conditions with little advance set up time.

K3IR will be operating from the SPARC Inc. property at 1715 Breneman Road, in Rapho Township, Lancaster County, PA (Look for the tall tower.)

SPARC is a special services club member of the American Radio Relay League dedicated to serving the local community. In addition to supplying communications for local civic groups we participate in the Adopt- A -Highway program and recycling programs.

Ever wonder what goes on the old microwave site? Well now is your chance to see what it is all about. Tour our facilities, ask some "HAMS" why we do what we do. You can make a real radio contact under the supervision of an FCC licensed Amateur Radio Operator.

More ARRL Field Day Information: **Field Day Planning Meeting at K3IR on Tuesday 24 May 2011 7:00PM (1900HRS local!)** , all Field Day operators & help welcome.
